A big storm is on the tapis and it promises to be a corker.

The Democratic National Convention will be held on July 7th.

Morgan, the big New York banker, was not able to control the big bond deal.

J. Belove still has a fine assortment of clocks. They are all beauties and the price cheap.

W. C. Rippey the crank who some years ago shot John Mackay in San Francisco is now dead.

At the Ozark these stormy nights is the place to find all sorts of warm drinks, and only 10 cents.

What business would you advise a young man to go into, asks a correspondent, selling gold to the Government.—Silver State

Joe Platt has a new line of suits and hats which he is selling at remarkably low prices. Suits, \$6, \$7, and \$10 and Fedora hats from \$1 to \$2.

Miss Gerlie Hollingsworth of Reno is the author of a musical composition called "The Cadets March." It is said to be a very catchy piece of music.

Messrs Gould and Chalmers are in the mountains surveying water sites for Le Grande Ora Company. Bruce Coffin and Eob Gordon are also in the party.

The Ozark has been fitted up in very elaborate style and the bar partitioned off from the rest and, separate card rooms made. All drinks are ten cents.

Gov. Budd of California is the right sort of a man. He caught one of his relations demanding commissions on State contracts and promptly bounced him from his place.

The Truckee Ice Palace is no more. Rain has been falling there for the past 24 hours and completely demolished the concern. The first cold night it will be frozen over again.

The Bulletin compliments the Examiner of San Francisco on its enterprise in sending Charles Michaelsoo to Cuba to give advanced news of the rebellion. This shows a liberal spirit on the part of the Bulletin, almost unknown in San Francisco newspaper circles.

Eugene Gregory ex-Mayor of Sacramento has not been seen in California for over a year. It has been recently discovered that he is short in his accounts with the River Improvement Association. He was Treasurer of the Association and once a candidate for Governor.

Dr. Guinan returned from San Francisco yesterday, where he took Wm. Houtman for treatment. The patient underwent an operation at Dr. McLeans hospital. Dr. Guinan says that the operation was highly successful and that Mr. Houtman will be able to return in a month.

THE PAT McNULTY CASE.

Conflicting Reports Concerning the Truckee Outrage.

THE APPEAL continues to receive letters from people in Truckee relative to the Pat McNulty case. The reports regarding McNulty are very conflicting. It is alleged that he is out of the hospital and alive and well, but a letter received yesterday from a citizen of Nevada county states that the majority of people in the county believe him dead and that the county officials are making no effort to ascertain the facts.

The fact that McNulty had kerosene oil poured on him and was set on fire while intoxicated, is not denied by anybody. He was sent to the hospital because of his injuries.

If he is really dead as the majority of people in that section suppose, it is clearly a case for the Grand Jury. If he is alive he has a good suit for damages.

During all the trouble stirred up over the affair there seems to have been no attempt to set the mind of the public at rest by having the Superintendent of the County Hospital come out over his signature and state whether Pat McNulty is alive or dead.

The APPEAL also learns that the gentleman who gave the APPEAL information relative to the matter, has been cited to appear before the parlors of the Native Sons of the Golden West as the parties charged with complicity in the outrage are members of that order.

We will state that the information which he gave us was at our personal solicitation in response to a letter from this office asking for the facts in the case.

Any further information regarding the unfortunate affair will be gladly received at this office. The APPEAL desires to be an injustice to no one, but on behalf of Mr. McNulty, a former resident of this city, we propose to get at the facts.

THE BIMETALLIC UNION.

Silver Men Unite Under one Banner.

The following speaks for itself:

San Francisco, Cal., Jan. 13, 1896.

Dear Sir:—As you have doubtless seen from the Press dispatches, a consolidation was effected at Chicago, Illinois, on the 28th of December, 1895, between the "National Bimetallic Union," the "American Bimetallic League," and the "National Silver Committee."

It affords us great pleasure to now announce to you that the consolidated organization will hereafter be known as the American Bimetallic Union. General A. J. Warner, of Ohio, has been chosen President, and Mr. E. B. Light, General Secretary, with National Headquarters at 134 Monroe st., Chicago.

Branch offices will be maintained in the principal cities as heretofore and all local Silver organizations will become integral parts of the "American Bimetallic Union."

The Pacific Coast office of the American Bimetallic League is thus merged into the Pacific Coast office of the "American Bimetallic Union," with the same officers and personnel as heretofore.

It is expected that important action will be taken at the National conference of the leaders of the Silver cause, which is to be held at Washington, D. C., January 22—of which you will be duly advised.

An active and victorious Presidential campaign is now promised. The people of the United States will have the long wished opportunity to vote directly for Bimetallism.

Very respectfully,
GEORGE W. BAKER,
GEO. P. KEENEY, Chairman
Sec'y, Pacific Coast.

The Governor Improving.

Dr. Guinan returned from San Francisco yesterday morning. He called at the Palace Hotel to see the Governor, but was unable to see the Governor as he was asleep. From Mr. Hanford he learned that the Governor's condition was favorable and that he had been resting much easier. Word that was received here yesterday was in the same line, and everyone who had any information to impart was of a cheering kind.

The following was received last evening by General Beatty:

Governor's condition looks favorable. Early dispatch tomorrow, tell Howell.

Wm. T. Hanford.
According to the San Francisco Chronicle Colonel F. S. Chadbourne of Governor Budd's staff called on Mrs. Jones Monday and extended the sympathy of the Governor and at the same time the hope that Governor Jones might survive his illness.

The Virginia Chronicle says there is no truth in the rumor that Father Tubman will take the Carson parish.

THE OPIUM AFFAIR.

It will Probably go to the U. S. Court.

The officers are hunting more evidence in the opium find.

Lee Brooks, now in jail at Reno for crooked work, brought the stuff over from California by the Placerville route. He had 400 pounds of crooked opium prepared by some Chinese expert in San Francisco.

He secreted some of it near Lake Tahoe and some in Washoe Valley, both of which lots are now in official hands, the last being resurrected in a stall at the race track last Monday, where it was buried. It was a wooden box containing fifty small, square brass cans, each purporting to contain five taels, or nearly seven ounces 230 taels in all. The top of each can bore red label of the regular importers, at San Francisco, Lan Yuen & Co. finest prepared opium and small white label on the bottom said 5 T—taels. The sides were marked with characters everything bearing the semblance of straight goods.

A tael of weight in China is an ounce and 250 taels of Opium would represent some hundreds of dollars in value. But all of Brooks' opium was made simply of molasses and flour, stirred up thick and the cans all filled with it.

Out of this lot six taels were genuine and used as sample goods to sell the molasses by.

The sequel to this work was when he and Harry Butts attempted to do up a Chinaman last Fall. While one was selling it the other would run up as an officer and then both would disappear with the money and opium. Butts was arrested, squared with the Chinaman and Brooks skipped out. Butts is now in Bodie and supposed to be in jail there.

They will be tried for obtaining money under false pretenses anyhow and probably for smuggling the six genuine taels of opium.

THE BOND ISSUE.

Nevada Opposed to Issuing Them in Any Form

The following dispatch was received yesterday from New York:

HON. JOHN E. JONES:—

Will you oblige "The World" by telegraphing whether in your opinion public sentiment in your State favors changing Government bonds call to make it really a popular loan. Would it upset prices? Also whether to set an example, your State would make a subscription to the loan?

THE WORLD.
Acting Governor Sadler replied as follows:

The people of Nevada are unalterably opposed to the issuance of bonds in any manner or under any pretense by the Government, especially so in times of peace.

R. SADLER, Acting Governor.

Kerrick-Bourgeois.

On Wednesday last Miss Nellie O' Bourgeois of Empire was married to Mr. James H. Kerrick of Coulterville, Cal. The couple were married at the residence of the brides parents at Empire, Rev. Geo. R. Davis tied the knot.

Everybody in Empire, where the bride was a great favorite, congratulated the couple. They will make Coulterville their future home.

The APPEAL acknowledges the receipt of cake and wine.

The Buckeye Sale.

The APPEAL declines to believe that the Buckeye deal is off. For weeks the people who made the first deposit on the property have been through agents getting hold of everything in sight. They have left a man in charge of their tools and will resume sinking.

The present appearance of abandoning the district is regarded as a fake by mining men and few are deceived.

A silk handkerchief for a bit at Chas. H. Kelly's, also a line of elegant bedkies at way down prices.

CHEAP CUSTOM WORK A DECEPTION.

A style of tailoring is rapidly gaining headway which is but an imposition upon the consumer and a detriment to the workman. The cheap custom work or what is called "special order work," is a shrewd dodge for the purpose of deceiving the customer into the belief that he is obtaining custom work at ready made prices. The real worth of custom work lies in the exactness of the fit, and the thoroughness in which it is made. Cheap custom work is therefore inferior to ready made work.

Large concerns, some also engaged in ready made work have grown up of late and depend for patronage upon retail stores, and have numerous agents scattered everywhere soliciting orders and gain trade because of the strikingly cheap prices offered for goods made to order. As a rule these agents seldom obtain an order twice from the same person.

It is about time that this scheme was exposed to the people and ABE COHN of the EMPORIUM shows up the fraud. If you want clothes that fit and are tried on as often as is necessary call at the EMPORIUM Court House Building, Carson City, Nevada.
